About website:

We have created a site that allows people to sell and display their paintings easily and without commission. The site is divided into several sections so that any amateur or artist can register on the site. Our site is not for profit. The sole aim is to support artists and make them exploit their talents.

New technologies that we have learned and applied:

1. Java script
2. How To Add a Favicon in HTML
3. Using Emojis in HTML
4. CSS Box Shadow

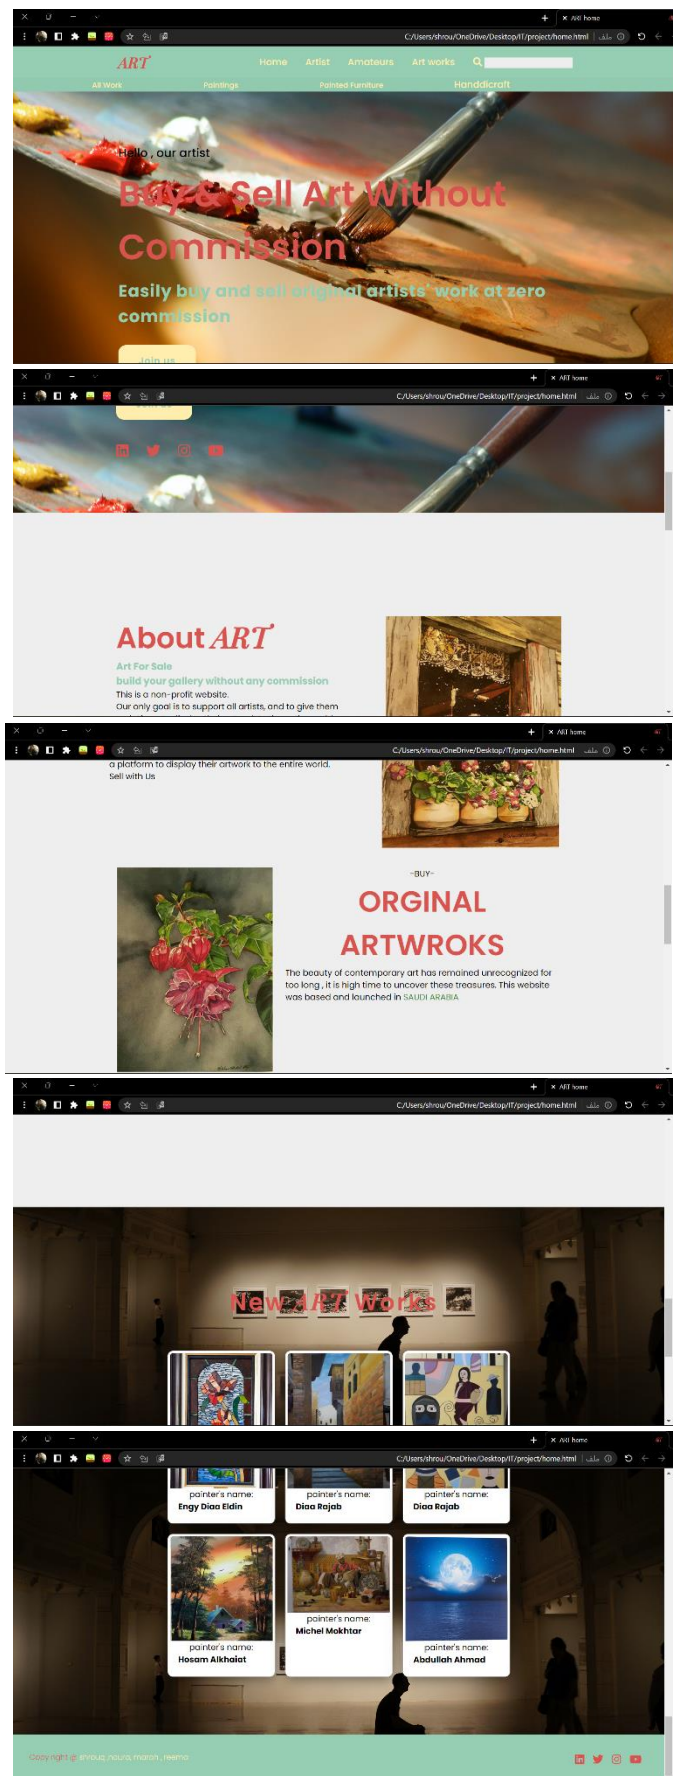

Distribution of teamwork
